

developing character - promoting values

Developing Character Qualities and Leadership Skills Through Performing Arts

Introduces

KS3:EXPLORE

Launching September 2018

**The Belvidere Centre
Belvidere Rd, Wallasey CH45 4RY**

Thursdays and Fridays 9.30-2.30pm

A KS3 support programme designed to raise aspirations of young learners by providing a structured programme of performing arts, as well as character and leadership education. The programme aims to nurture; self-esteem, emotional resilience, confidence, communication and develop a social skills set necessary to 'Enjoy & Achieve' in full time mainstream education.

TFL Education

TFL (Teaching Future Leaders) Education currently works in partnership with UK and international schools to provide a coherent, forward thinking Leadership and Character development programme of study.

To support the development of pupils' character qualities and leadership skills, we have created fully resourced primary and secondary school curriculum programmes and workshops. All curriculum programmes and workshops are culturally sensitive; promote a values-based education approach, and support SMSC, PSHE and Citizenship education.

TFL Education is an approved Chartered Management Institute (CMI) and ASDAN Education Centre. We are also registered as an Arts Award Centre for 'Discover, Explore, Bronze & Silver'. In addition, we provide LAMDA exams in communication and London College of Music (LCM) singing exams.

TFL Education's 'Be Scene Performing Arts Academy'

Be Scene Performing Arts Academy was borne from findings of research carried out in 2016, looking at how character qualities and leadership skills can be nurtured in young people in order for them to flourish.

Be Scene Performing Arts Academy currently runs lunch, after school and evening classes for children aged 4-16 as well as performing arts holiday clubs.

We believe performing arts is invaluable for teaching and developing character qualities and leadership skills in young people. Our learning journeys **explicitly teach and expose young learners** to the **language of character and leadership**, as well as **performing arts terminology** in workshop sessions. From this, young learners develop an awareness of self and begin to understand the transferrable personal skills and qualities that raise aspiration, promote achievement and foster happiness.

Alternative Education: EXPLORE

Young learners studying on our alternative education provision will follow a creative performing arts curriculum and embark upon an Arts Award 'Discover' level which will be complimented with our character and leadership programme 'Learning to Lead'. The programme of study enables young learners to find out about themselves, make connections to real life experiences and discover their self worth; nurturing and supporting young learners to develop self-confidence and enabling them to flourish.

There will be places for up to 10 young learners to enrol onto our termly 'EXPLORE' programme of study.

Staffing will be on a 1:5 ratio.

Delivery

TFL Education's Be Scene Performing Arts Academy will deliver their programme during term time on Thursdays and Fridays, 9.30-2.30pm from The Belvidere Centre, Belvidere Road, CH45 4RY.
